Section – B
(Comprehension)

Read the passage and answer the following questions :

Today's real borders are not between nations, but between powerful and powerless, free and fettered, privileged and humiliated. Today, no walls can separate humanitarian or human rights crises in one part of the world from national security crises in another. Scientists tell us that world of

nature is so small and interdependent that a butterfly flapping its wings in the Amazon rainforest can generate a violent storm on the other side of the earth. This principle is known as the 'Butterfly Effect'. Today, we realize, perhaps more than ever, that the world of human activity also has its own 'Butterfly Effect' — for better or for worse. Ladies and Gentlemen, we have entered the third millennium through a gate of fire. We realize that humanity is indivisible. New threats make no distinction between races, nations, or regions. A new insecurity has entered every mind, regardless of wealth or status. A deeper awareness of the bonds that bind us all — in pain as in prosperity — has gripped young and old. The 20th Century was perhaps the deadliest in human history, devastated by innumerable conflicts, untold suffering and unimaginable crimes. Time after time, a group or a nation inflicted extreme violence on another, often driven by irrational hatred and suspicion, or unbounded arrogance and thirst for

power and resources. In response to these cataclysms, the leaders of the world came together at mid-century to unite the nations as never before.

21. What is the 'Butterfly Effect' ? 2

22. 'The 20th Century was perhaps the deadliest in human history.....' What evidence do you find in the extract to support this statement ? 2

23. Do as directed : 1×2 = 2

(a) A new insecurity has entered every mind.

(Pick out the verb and identify the tense)

(b) New threats make no distinction between the races. (Add a question tag)

24. What message does the speaker wish to convey ? 2

25. Find word in the above passage which convey the similar meaning for : $\frac{1}{2} \times 4 = 2$

(a) Make someone do something unpleasant

(b) Marked by humanistic values and devotion to human welfare.

- (c) An event resulting in great loss and misfortune.
- (d) Overbearing pride evidenced by a superior manner toward inferiors.

ANSWER KEYS OF OPSC JR-Asst EXAMINATION- 2019(PAPER-I)

ANSWER EXPLNATION FOR ENGLISH

Q. No.	Key Ans.	Explanations
1	a	She never visits zoo. This implies that she doesn't like to see animals being kept in captivity to give happiness to the audience.
2	d	We need a passive structure of present continuous tense
3	b	The subject 'I' receives the action here. Hence we need 'Subject + being + V' structure to passive the sentence in active voice.
4	a	'Could' the past equivalent of 'can' should be used to correct the sentence.
5	b	'Honour and glory' like 'bread and butter' is used as a single entity.
6	a	'See' is a bare infinitive hence the verb that comes after it should be written in the base form 'V1 form)
7	c	While' is used when we wish to refer to an ongoing activity. Watching TV should be prohibited while study is going on.
8	b	We use future progressive structure to refer to an action scheduled to take place in future.
9	c	We need a gerund (v+ ing) form as the object of the preposition 'despite'
10	d	We need a future perfect structure to refer to a completed action in future time.

Q. No.	Key Ans.	Explanations
11	a	Freezing cold means excessive cold or very cold.
12	a	The verb 'made' is a bare infinitive and hence a verb in its base (V ₁) form should come after it.
13	d	A direct narration containing 'wish' of the speaker never changes its form in the indirect speech.
14	c	As other poets are great like Tennyson, the correct way to give the same information is by saying, 'Tennyson is one of the greatest poets.'
15	b	'Few' carries a negative sense. The person concerned moved to Warsaw since he had few (almost non-existent) friends in Cracow.
16	a	'Little' carries a negative meaning. Since the room was very small, there was little (not enough) space to move.
17	a	We need a possessive determiner 'his' before the noun 'duty'. Second we need a determiner indicating masculine gender as the gender of the subjects (manager or assistants) has not been mentioned in the sentence.
18	a	The correct possessive determiner for the collective noun 'Army' is 'its'
19	b	We use the preposition 'on' after the verb 'persist'
20	d	The preposition 'in' should be used after the adjective 'indefatigable' to make the sentence grammatically correct and meaningful.
